

THE AGING PROCESS IS BEAUTIFUL WITH NUTRIENT IV THERAPY.

How you treat yourself in your 20s, 30s, 40s, and beyond determines how you'll look and feel in the next decades of your life.

But statistics show most people don't nourish their bodies correctly, impacting their outward appearance greatly.

According to the Centers for Disease Control and Prevention, 43% of American adults don't drink enough water a day. 36% of them only drink 1 to 3 cups, while 7% don't drink any at all.

In another report by the U.S. Centers for Disease Control (CDC), more than 2/3 of American adults eat fruit less than 2 times a day, way lower than needed, while only 3/4 eat vegetables less than 3 times a day.

Malnutrition and dehydration affect how your skin looks tremendously. Nutrient IV Therapy helps compensate for that.

FOUNTAIN OF YOUTH

Activate skin, hair, and nails.

This formula promotes healthy heart, brain, skin, hair and nails. Glutathione, the most powerful antioxidant, is critical to good immune function and helps detoxify the body. Biotin promotes cell growth in hair, skin and nails; and B-complex vitamins improve brain function and reduce stress.

IMMEDIATE BENEFITS

- ✓ Rehydrate your skin after excessive sun exposure to avoid wrinkles.
- ✓ Replenish your body with nutrients that nourish your hair, skin, and nails so they appear healthier.
- ✓ Reduce the visible signs of aging and feel better about your appearance.
- ✓ Detox and eliminate toxins from your system, so you look younger.
