

HUNGOVER? BOUNCE BACK AND GET MOVING QUICKLY.

Once in a while, we'll have one drink too many or not get enough sleep for whatever reason.

Though common, these situations make your body suffer from sheer dehydration, putting your cells at risk of sickness. This is why you feel groggy and unmotivated to do anything the day after.

The fact is your brain needs to reset, so you can function.

The Rise and Shine drip helps you recharge your body after staying out way too late under the stars. Not only does it keep your body hydrated, it also amps up your energy levels so the immune system can continue fighting against germs or viruses that can cause you harm.

The most powerful ingredient in this drip is Taurine. This amino acid helps promote cardiovascular health, insulin sensitivity, electrolyte balance, hearing function, and immune modulation.

Pairing Taurine with powerful electrolytes and Magnesium Chloride detoxifies your cells, while giving you the willpower to get back up and running as normal.

RISE AND SHINE

Feeling hungover?

If you've had a long night out, this mix of essential vitamins and minerals replenishes electrolytes, rehydrates the body and boosts energy levels within minutes.

Great for people who travel or are on vacation!

IMMEDIATE BENEFITS

- ✓ Avoid headaches, dizziness after a long night with little to no sleep.
- ✓ Obtain the energy to bounce back, be productive and get things done.
- ✓ Empower your immune system to protect you, so you don't get sick.
- ✓ Hydrate your brain and other organs, so you can function completely without putting more strain on your body.
- ✓ Be alert and ready to take on your day.
